

TRUSTED, SAFE TOURING SINCE 1960

PINK JEEP ADVENTURE TOURS RE-OPENING SAFETY POLICY AND PROTOCOL

Pink Jeep Adventure Tours is thrilled to re-open for tours in Arizona and Bring Families Closer Together for breathtaking guided adventure tours. For the health and wellbeing of all guests and employees during this time, we have made the following adjustments to our safety protocols. Compliance with all below and posted Pink Jeep policies and protocols, is required to participate in a tour and applies to all guests, including children.

All Jeep tours are **PRIVATE TOURS** for your Friends and Family members.

PRIOR TO PARTICIPATING:

- Carefully review the list of symptoms for COVID-19 on the Centers for Disease Control and Prevention ([CDC website](#)). If you have had any of these symptoms in the past 14 days, please do not participate in a Pink Jeep tour until you have been tested to confirm you do not have COVID-19.
- Some individuals may be at a higher risk for COVID-19, as outlined on the [CDC's website](#). If you are in one of the aforementioned groups, please consult your doctor and make an informed decision on whether to participate in a Pink Jeep tour.

UPON ARRIVAL:

- Touchless temperature screenings will be conducted prior to admittance. Guests with a fever exceeding 100.40 Fahrenheit will not be permitted. Refunds or rain checks may be offered.
- Guests who believe they have a disability that causes a fever should bring a letter from a doctor stating that the guest's fever is caused by a disability the guest has no other symptoms of COVID-19.
- Some people without symptoms may be able to spread the virus, therefore, guests must come prepared with their own mask and wear it while participating.
- All participants in a Pink Jeep tour will be required to sign an assumption of the risk and waiver of liability agreement prior to participating in the tour.

DURING TOURS:

- Follow social distancing recommendations by CDC. To maintain social distancing at Pink Jeep, the number of riders will be limited, and all non-family and/or non-cohabitating individuals must remain 6 feet apart.
- All guests must wear a mask while participating.
- All contact points on Jeeps will be thoroughly sanitized before after each use.

Additionally, daily temperature checks will also be conducted on all employees.

Pink Jeep Adventure Tours appreciates your support of these important safety changes that ensures we can provide fun family entertainment in compliance with government and health agency recommendations and requirements.
