IMPORTANT: COVID-19
Safety Precautions, Procedures and Requirements

FROM BILTMORE:
Join us as we reopen our most beloved spaces with limited capacity and the safety of our guests, employees, and community in mind. Wander through historic gardens, along winding trails, and within the spacious halls of America’s Largest Home®. Enjoy extraordinary experiences and peace of mind in one spectacular setting: only at Biltmore.

Visit Information
Rest assured each phase of Biltmore’s reopening has been thoughtfully planned to support a safe, enjoyable experience within this renowned setting. While some things have changed, our commitment to providing gracious hospitality remains the same.

Cleanliness
Following CDC guidelines for stringent disinfection with increased frequency and using EPA-approved disinfectant for COVID-19.

Biltmore House
Limited capacity, small group tours of the home by reservation only, required face coverings and social distancing measures.

Face Coverings
Face coverings are required for guests over 2 years of age and employees in public indoor spaces, and recommended in outside areas where distance cannot be maintained.

Dining
Frequent disinfection of surfaces in guest seating and food preparation areas with CDC-approved disinfectants and spacing tables to allow for social distance between parties.

Social Distancing
Adapting guest areas, including signage and spacing indicators, to minimize gathering points and allow for distance between guests.

Cashless
Reducing contact points and accepting credit, debit, and Biltmore Gift Cards only during this time.
